[Congratulatory Message from the Director for those who cleared NIPER JEE for Ph.D.-2017](#)

Dear Students,

Everyone has intellect and presence of mind. But only few students like you are able to use it at the right time. Congratulations to all NIPER-Kolkata Students those who have ranked in NIPER-JEE 2017 (for NIPER's Ph.D. Courses). This exam may not be the biggest test of your life. But you have proven that you are ready to take on life's bigger challenges.

The best students are not those who are the most intelligent. They are the ones who take advantage of their talents and work hard to surge ahead of all their classmates – just like all of you. The fact that you scored well in your exams does not come as a surprise to me. I always knew that you were destined to be successful – and these exams are just the beginning. You passed this exam with a brilliant performance and you will pass many more examinations of life with more exemplary brilliance.

With Best wishes for your future and upcoming Counseling!!!
